The open categories remain open categories. There will be no different height categories. If the classes are very large, they will be split into several groups (by height, group A,B,C etc.) from which a top 3 will be selected each time. These top 3 athletes from each group, will compete together for the top 5 and ultimately for the title of the open class. With two groups (A,B) it will be the best 3 of these two groups who will continue so it will be a top 6.

Pre-judging/finals:

It's a one format show. This means that the finals and awardings per class will take place immediately after the pre-judging. The pre-judging consists of quarter turns/mandatory comparison poses (see the rules per class on the website www.naturalbodybuilding.com).

For each class, the top 5 advances to the finals.

Only the top 5 performs routines/T-walk. The awards ceremony will follow immediately afterwards.

Also in the Classic physique, only the top 5 perform a routine. In this class the posing routine will be judged.

House rules:

Access to the backstage area is only open to athletes and coaches. Only 1 coach per athlete is allowed. Because it is a one show format, you are not supposed to stay backstage all day. You arrive at the required time for your class(es) and once you have finished your competition, you leave the backstage, including your personal belongings. This is necessary to give the athletes who still have to perform enough space backstage.

All valuables or money should be left with friends or coaches. The organizer is not responsible for loss or damage to personal property.

It is strongly requested that all athletes and their coaches do not make stains on the walls, chairs, interior or exterior of the venue with tanning products. In case that someone does cause damage, both indoors and outdoors, the person will be punished with a fine of € 100,00 and will be held personally responsible for the costs of the damage that is caused.

It is only permitted to use the spray tanning service offered by our organisation (Pro Tan Europe). Even finishing your Pro Tan spray tan with Dreamtan or another sticky coloured tanning product is forbidden. You will be disqualified when you are ignoring these rules.

If the athlete refuses his or hers cooperation to drugtesting, the athlete will be disqualified. Drugtesting can be done by a urine test, blood test and/or hair test. Incurred costs, such as competition fees, membership fees, tanning, posing clothes, travel expenses, etc., are for the athlete's own expense.

The athlete declares to be in good health to participate in this competition. When there's any doubt, the athlete has consulted a doctor/specialist who has given permission to participate in this competition. The INBA Netherlands is not liable for any form of damage to the athlete's health or consequences of competition participation and/or competition preparation.

There will be no refunds.
